PIQC Institute of Quality was established at Lahore during 1991 with a mission to promote Quality culture in the country. It has training centers at Lahore and Karachi. Over the last 25 years, the Institute has earned the nationwide credibility and is considered Pakistan’s leading and most authentic institute for professional development in the field of Quality. It has different levels of training programs ranging from Quality Control to Quality Assurance, Total Quality Management, Lean Management, Six Sigma, Total Productive Maintenance, etc. It has its own well experienced and internationally renowned trainers and consultants, as well as associate faculty drawn from Pakistan’s leading academia and organizations. Its services include academic programs like post graduate degrees, professional certifications / diplomas, international certifications, short courses, industrial development / linkages, national & international conferences and publication of course books.

Degree Programs
PIQC has been providing technical assistance to Superior Group of Colleges since 2007 for running MS/MPhil and Masters degree programs at Lahore. These are weekend based programs conducted in disciplines like Quality Management, Human Resource Management, EHS Management and Industrial Management.

Professional Certifications / Diplomas
Professional certifications / Diplomas program was launched in 2000 simultaneously at Lahore, Rawalpindi / Islamabad and Karachi with an objective to provide solid foundation and good credentials to working professionals in the fields of Quality Management, Human Resource Management, EHS Management, Healthcare Quality Management etc. This is weekend or evening based program tailored according to the needs of local industry provides excellent learning opportunities for the working professionals.

International Certification
Professional and students pursuing their educational goals with high class academic degree can have specialization in Quality Management tools & techniques with international certification courses and credentialing provided by PIQC with the collaboration of Singapore Quality Institute International, IICS Certification Singapore (Accredited by IRCA-UK) and SQM Malaysia. These international certifications are well respected and recognized globally which provide the participants the required knowledge, skill and develop their leadership traits needed for business improvement projects.

Executive Courses
PIQC executive / short courses are delivered by top-class experts and professionals providing state of the art knowledge and experience. These courses are also offered on site or on request of the companies.

About PIQC
Quality is our aim!

PIQC Collaborations

PIQC Institute of Quality is leading the Quality Movement in Pakistan.
