Certified
Labor Laws & Industrial Relation Management Professional

Introduction
Over the past few years there has been growing realization that intrinsic success of organizations depends on highly competent and efficient human capital. This has brought intense focus on Labor Laws & Industrial Relations Management. Need to develop the Human Resource is continual and has to match and mould based on changes in the internal external environment of Industrial and Commercial Organizations. Frequent changes in Industrial technology, laws and knowledge are forcing organizations to maintain equilibrium between employee’s intellectual needs and technological developments. Investment in HRD is the key to gain organizational excellence. This course is tailored to the organizational needs and making the participants more efficient and productive with awareness to requisite laws & regulations.
